

Portable Compressors

Mobilair™ M350

1200 cfm @ 125 psig

Dependable Compressed Air

The Mobilair™ M350 is a portable screw compressor suited for a number of applications including sand-blasting, pavement breaking, back-up industrial air, and general air tool use. It is also well suited for rental houses and railroad applications.

The M350 offers a wide array of features that make it very user-friendly. Units come standard with the Sigma Control Mobile™ instrument panel. The extra-large fuel tank has a wide filler neck with overflow protection for safe, easy filling.

Unsurpassed Durability and Quietness

The M350's heavy duty steel chassis and fully galvanized enclosure protect the motor, airend, and critical components from dirt, water, and other contaminants even in the harshest conditions. This rugged construction combined with superior design allow the M350 to operate in ambient temperatures up to 122°F. The enclosure is also super soundproofed and provides extremely low decibel levels. Maximum sound level measured at 23 feet is only 76 db(A).

Standard Features:

- Sigma Profile™ rotary screw airend produces **more air with less fuel consumption**
- Heavy duty Mercedes Benz diesel engine
- Heavy duty steel chassis
- Fully galvanized enclosure
- 1 micron, 2-stage compressor and engine inlet air filters with maintenance indicator
- High capacity cold start battery ensures reliable operation even under extreme working conditions
- Tool boxes for convenient storage
- Lifting eye for site handling
- Highly efficient cooling system
- Modulation control

Optional Features:

- Pressures to 205 psig
- Aftercooler and filtration packages
- Skid mount
- Five year airend warranty

Outstanding Advantages

- ✓ Gear driven Sigma Profile™ airend produces **more air with less fuel consumption**
- ✓ Heavy-duty Mercedes-Benz diesel engine
- ✓ Extra-large capacity fuel tank
- ✓ Solid state Sigma Control Mobile™ instrument panel
- ✓ Thick soundproofing for super low noise level
- ✓ Easy access with gull-wing doors
- ✓ 10 micron spin on oil filter with integral anti-frost thermostatic valve
- ✓ 1 micron compressor air inlet filter with maintenance indicator protects the equipment
- ✓ Heavy duty bumpers and lighting kit are standard

Specifications

Compressor		Diesel Engine		Package		Dimensions (in.)	
Free air delivery	1200 cfm	Make	Mercedes-Benz OM501LA	Fuel tank capacity	172 gal.	Length**	246
Working Pressure	125 psig*	Power at full load	327 hp	Weight, dry	12,853 lb.	Width	82¼
		Full load speed	1650 rpm	Outlets	2 x 1"; 1 x 2½"	Height	95¾
		Off load running speed	1200 rpm	Sound level max	76 db(A) at 23 ft.	**includes tow bar	

* Higher pressures available up to 205 psig.
